

Critical Information Summary

PSTN/ADSL Bundled Plans

Information about the Service

You ANT Bundled Service is for the supply of Standard Voice copper home phone service and a ADSL broadband Internet service with a 200GB data allowance.

Mandatory Requirements and Availability

This offer is dependant on bundling of these two services. There must be active Copper services available in your area. A telephone handset and modem/router is required to use these services. Transferring your services to ANT will remove any benefits or discounts you may have from your current service provider through bundling of other services.

Minimum Term

One month
24 months – 24 months

Inclusion, exclusions and important conditions, limitations, restrictions or qualifications.

Transferring your landline phone service to ANT will remove any benefits or discounts you may have from your current service provider through bundling of other services.

Plans are based on the ADSL peak speed available in your area. Speed for customers will be dependent on location, signal strength, volume of traffic through the network, your equipment, software and download source.

ANT Anytime data may be used at any time of the day you wish. At ANT there is none of the data restrictive “peak” or “off-peak” or “bonus data” time restrictions.

Data usage is counted in both directions so if you download 10GB of data and upload 10GB of data that is counted as 20GB. You can change your ADSL plan up or down at any time.

Your data is reset on the anniversary date. Any unused data allowance expires at anniversary reset date.

Information about Pricing
